

Introducing Amantii's PANORAMA Series of Built-in Fireplaces

10 units to choose from

The Panorama Series of built-in electric fireplaces offers 40"- 88" length units. These units are also available in Deep (12") or Slim (6 3/4") depths and available in indoor and outdoor rated

models. You choose what works best for your residential or commercial a p p l i c a ti o n .

A Kaleidoscope of colour

Featuring the vibrant Fire & Ice flame set, with just a click of your remote you can easily change the

flame colour from blue to purple to violet to orange or yellow.

All in the box

All units come with the Fire & Ice media featuring large glass nuggets and clear and blue diamond shaped fire glass, remote control and optional black metal surround. Our "all in the box" program ensures you will have everything you need for a successful install.

The Panorama Series of built-in electric fireplaces have been designed to give you the maximum in flexibility in selecting a unit that perfectly suits your needs. Now available in Outdoor rated models.

Full Frame Viewing Area

Our units give you multiple length and depth options as well as giving you the ability to install your fireplace with your choice of finishing material built right to the glass for a "clean face" design or using the provided black metal surround. Your choice—your design!

Form meets function. Fire becomes art.
