Built-In and Insert Electric Fireplaces

Fire & Ice
powered by *Amantii*

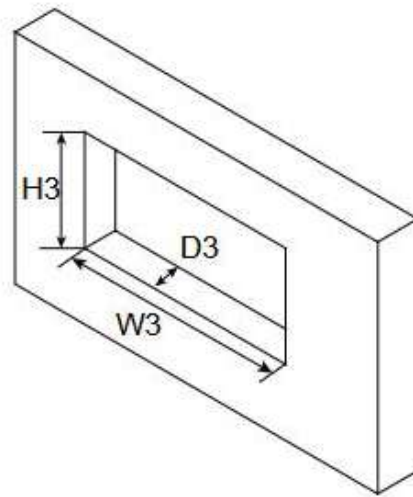

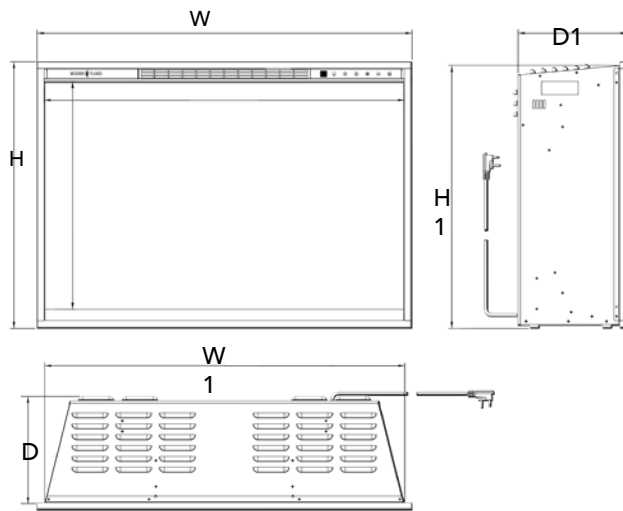

KEY FEATURES

- Pre-Installed Multiple Individual **Pulsating Lights in the Logs Set**
- Multi-Color Flames: **Yellow and orange flames with an orange/yellow lighting system** — mix and match options to create depth and ambiance.
- Energy-Saving LED Technology: Eco-friendly flame effects with low energy consumption.
- Touch Controls: Simple, intuitive button controls for effortless operation.
- Modern Remote Included: Sleek, upgraded remote for convenient control from anywhere in the room.
- **Wi-Fi Enabled & Mobile App Control**: Connect to your home network for full control via smartphone or tablet —adjust settings, flame colors, and temperature remotely.
- TV-Safe Design: Engineered for safe installation beneath a TV, with no risk of heat damage.
- Adjustable Heat with Thermostat: Programmable thermostat and multiple heat settings for customized comfort.
- Flame Control Options: Easily adjust flame speed and brightness to match your mood.
- 120V Plug-In Ready: Simple plug-in setup for quick installation.
- **240V Hardwire Option (up to 10,000 BTU): Upgrade to hardwiring for maximum heating performance.**
- Included Trim Kit: Comes with a finish trim kit for a seamless, built-in appearance.

When the downlight feature is activated, it casts light onto the mirror, which then reflects the logs. This creates a striking 3D illusion, enhancing the visual depth of the fire bed and adding a more immersive, realistic ambiance.
