

Program Deadline: December 31st 2026

PROGRAM PURPOSE

This program would give distributors a structured way to convert competitive displays, strengthen Amantii's presence in key showrooms, and provide dealers with an opportunity to upgrade their display offering to the Amantii family of products.

HOW THE PROGRAM WORKS

- Identify a qualified showroom opportunity and discuss the replacement display concept with the dealer.
- Take clear before-and-after photos of the display area.
- Invoice the approved replacement unit at the dealer's standard dealer cost.
- After the installation has been verified, issue a 100% credit memo for the approved dealer cost.
The credit memo may be applied toward future purchases only.
- The dealer's location may also be added to the Amantii dealer locator.
- Swap eligibility: Each swap is eligible for up to 3 units.
- Swaps of 4 or more units: If a dealer swaps 4 or more units, only 3 units will qualify under the swap program.
Any additional units will be eligible for 70% credit only.

CORE RULES

Authorized dealer in good standing; showroom display use only - not stock, resale, or a customer job.

Like-for-like replacement. Dealer pays unapproved upgrades, freight, tax, installation, media, trim, and accessories. Before and after photos are mandatory.

WORKING LIKE-FOR-LIKE GUIDE
