FINISHING OPTIONS TO COMPLIMENT ANY DÉCOR - ENDLESS COMBINATIONS - EASY INSTALLATION

Our Panorama series just got better with the addition of the BI-40-XTRASLIM Mantel-Surround.

Amantii's newest line of birch wood mantel-surrounds bring the beauty of genuine birch wood into any space. With four nature inspired colors to choose from, you will find a mantel-surround that is perfect for any space in your home, business or commercial setting. Amantii has designed a mantel-surround for your Bi-40-XTRASLIM fireplace that will compliment every style.

The BI-40-XTRASLIM fireplace features our exclusive FIRE & ICE® Flame presentation with three color LED light strips allowing you to choose from blue, rose, violet, yellow or orange colored flames - matched with your mantel-surround, the design combinations are endless.

All our mantel-surrounds have been crafted from birch wood with a paint wash application reflective of the variety of colors found in a birch tree forest.

As with all genuine products, variations to the natural wood grain will mean there could be slight variations that may differ from the catalog images or samples. Variations will occur in color, character, tone and grain from product to product. Slight variations between samples and finished goods should be anticipated. In addition, a touch up pen has been included in the packaging should there be any imperfections caused by the shipping of this product.

The BI-40-XTRASLIM mantel-surrounds have been approved for use in kitchens and bathrooms. The mantel-surrounds cannot be used in outdoor settings.

1 Remove the framing plates from the sides of your fireplace and replace with mantel-surround brackets.

2 Insert the fireplace into the opening of the mantel-surround and secure using the attached mantel-surround brackets.

3 Congratulations, your mantel-surround is installed, and the fireplace is ready to mount on the wall.
